Minimum donation of \$10 is suggested. Not a requirement. Money goes to Volunteer Connections to provide funding to cover costs of resources for our volunteers.

Volunteer services are not guaranteed and we always encourage clients to call vendors first if able to. If no vendor is available and/or you cannot afford to contract a vendor and this creates a health and safety concern then we will try to connect you with a volunteer if available. Volunteers are not always available or able to perform certain tasks. Thank you for understanding and your patience. For services contact Volunteer Connections.
